## SAHARA Annual Certification

As part of our financial reporting and internal control review process, each Department Head is required to provide an annual certification for all financial information over which they have oversight responsibilities. SAHARA has two components that support this objective: Monthly Account Reconciliation and Annual Certification. The **Monthly Account Reconciliation** component supports monthly cost center and project reconciliations to verify the accuracy and validity of financial transactions and timely resolution of discrepancies. The **Annual Certification** component provides a summary of reconciliations performed, provides the Annual Certification statement, and allows department heads to record exceptions to the statement and record their certification.

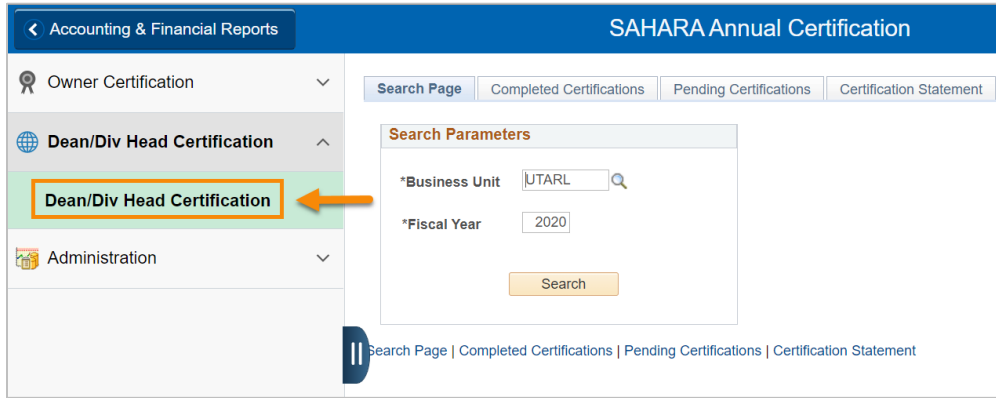

### Steps to Perform the SAHARA Annual Certification

1. Login to UTShare (<https://www.uta.edu/utshare>).
2. Click on the Employee Self Service header dropdown and select the **Accounting & Financial Reports homepage**.
3. Select the **SAHARA Annual Certification** tile.

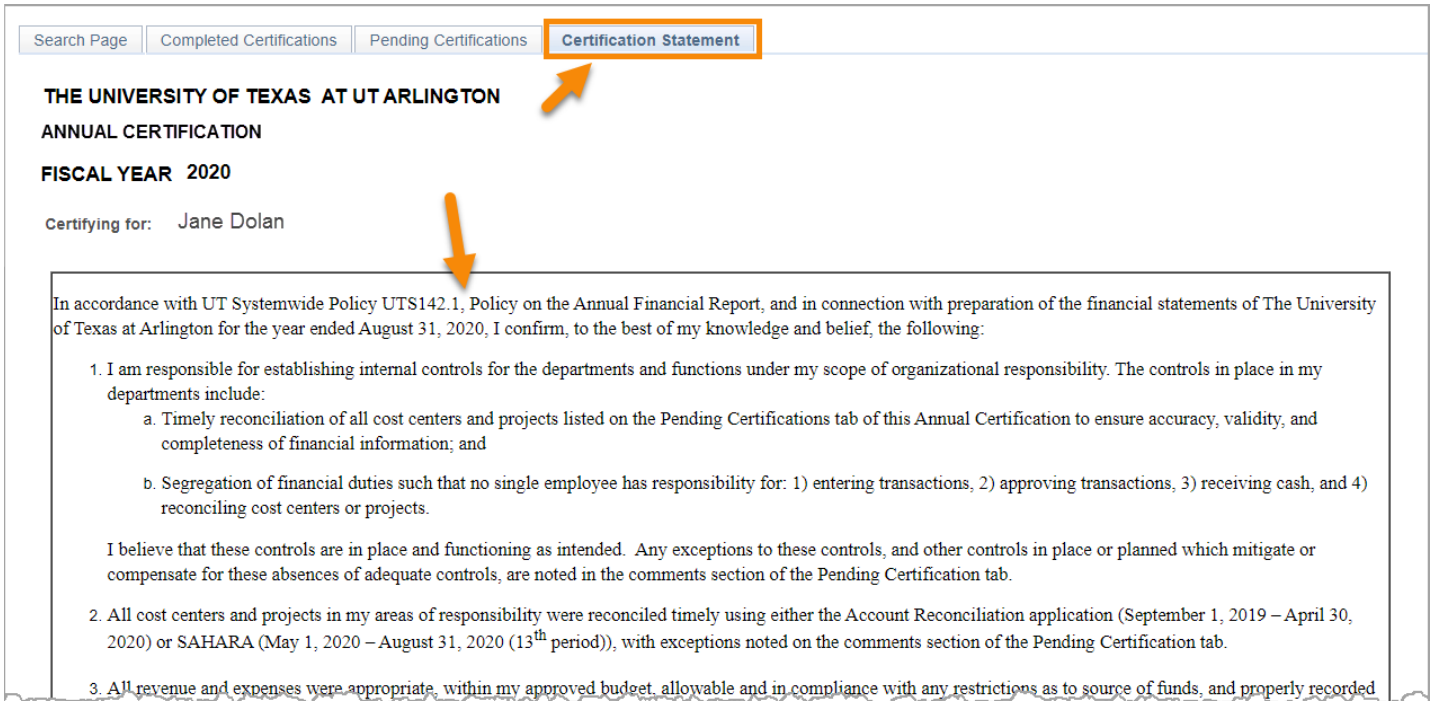

**UT Arlington will not be using the Owner Certification; please do not use that functionality.**

- On the SAHARA Annual Certification Work Center menu, expand the Dean/Div Head Certification section, then click on **Dean/Div Head Certification** menu item.

- Select the **Certification Statement** tab.

7. Select the **Pending Certifications** tab. This tab will display, for each cost center or project being certified, the number of reconciled and approved accounting periods, along with the total expense and revenue amounts for those approved periods.

**ANNUAL CERTIFICATION**  
**FISCAL YEAR 2020**

Certifying for: **Jane Dolan**

In accordance with UT Systemwide Policy UTS142.1, Policy on the Annual Financial Report, and in connection with preparation of the financial statements of The University of Texas at Arlington for the year ended August 31, 2020, I confirm, to the best of my knowledge and belief, the following:

1. I am responsible for establishing internal controls for the departments and functions under my scope of organizational responsibility. The controls in place in my departments include:

a. Timely reconciliation of all cost centers and projects listed on the Pending Certifications tab of this Annual Certification to ensure accuracy, validity, and completeness of financial information; and

b. Segregation of financial duties such that no single employee has responsibility for: 1) entering transactions, 2) approving transactions, 3) receiving cash, and 4) reconciling cost centers or projects.

I believe that these controls are in place and functioning as intended. Any exceptions to these controls, and other controls in place or planned which mitigate or

By checking the box and saving your certification, you agree to the above statements, with any exceptions noted on the "Recon Status and Comments" page.
